Work Experience Description

IT Support Technician
University of South Florida, Tampa, FL   February 2024 – Present
- First Responder for all Enterprise Hardware and Software IT Issues reported on Phone and In-Person with Jira.
- Acknowledged for exceptional professionalism in handling an impromptu high-stress client situation.
- Recognized as a Top Performer for demonstrating quick and accurate issue detection and resolution.

Product Industrialization Professional
Decathlon, Coimbatore, India   March 2021 – July 2023
- Negotiated and Closed Prices (RFQs) for 200+ products per year by negotiating with 7 Vendor Teams, achieving 11% year-over-year inflation-adjusted reduction in prices post COVID.
- Validated and managed Product Technical Documentation files for 80+ products with 4 Product Engineers and 4 vendors, ensuring legal and technical compliance in production for 2.5 million garments shipped annually.
- Mediated and resolved two Global Quality Alerts involving 150k products with extensive Root Cause Analysis.
- Managed transition of Products to Ecofriendly Versions (65% CO_2 footprint reduction) for 60%+ of Product Range in 6 months (30-40% higher than other Product ranges, by coordinating 3 key stakeholder teams).

Product Quality Management Professional
Decathlon, Bangalore, India   March 2021 – December 2021
- Successfully Implemented Quality Management System at a new Production Site during the Pandemic.
- The site achieved a 9-month streak with 0% shipment failure due to Quality and was visited by other vendors for Best Practice duplication.
- Communicated and maintained supplier performance with weekly Dashboard tracking 15 KPIs across 4 domains. The dashboard was used in weekly SUM (Stand Up Meeting) with key Executives for addressing issues and reviewing KPI improvement projects.
